THE SANDS OF TIME

FOCUS ON ...

The city of New York gave the Statue of Liberty a big 1986 bash — A Fourth of July festival of song, celebrities and fireworks honoring the great lady's first 100 years.

Caroline Kennedy, who captured America's heart as a little girl romping through the White House, married Edwin Schlossberg, a New York businessman and artist in Hyannis Port, Mass., on July 19, 1986.

SWEET VICTORY — New York Mets Gary Carter is lifted in the air by relief pitcher Jesse Orosco following the Met 8-5 victory over the Boston Red Sox in the seventh game of the World Series at New York's Shea Stadium.

TIMELY EVENTS

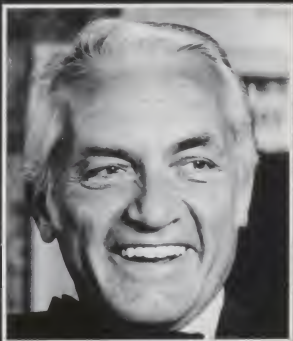

Miss Tennessee Kellye Cash, the grandniece of country star Johnny Cash, was crowned Miss America 1987. She received the crown from outgoing Miss America Susan Akin.

Britain's Prince Andrew married red-haired English commoner Sarah Ferguson in July at Westminster Abbey in a spectacle that mustered the pomp and glory of Britain's 920-year old monarchy. Andrew is the queen's second son and fourth in line to the throne.

Among the celebrities who died in 1986 were singer Kate Smith who died June 17 of respiratory arrest at the age of 79; Benny Goodman, the King of Swing, died June 13, apparently of cardiac arrest; James Cagney, (Pictured above) one of Hollywood's famous toughguys, died March 30 at the age of 94; Ted Knight, (Pictured below) best known for his role in the television series "The Mary Tyler Moore Show," died August 26 of Cancer at the age of 62.

FOCUS ON... TIME

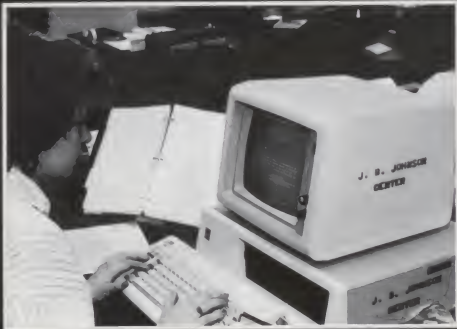

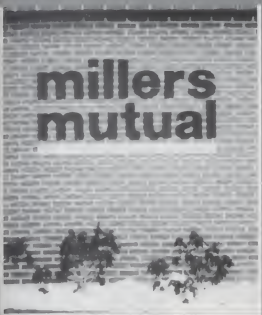

Will you be the one after high school waking up after twelve, catching a few soaps, later watching the, "Brady Bunch" for the 87th time, while indulging in Hostess Twinkies, a six-pack of Pepsi, and a bag of Doritos? **SURELY THERE'S MORE TO LIFE AFTER HIGH SCHOOL THAN THIS!** Exploring a few other possibilities . . . You could go to college. There are many colleges to choose from today. Everyone wants to go to a well-known college, but not everyone is so fortunate. Going to college is a big step. Everyone needs — but not all possess — the responsibility and commitment that goes along with the college life. **BE**

PREPARED FOR THE WORST AND DREAM FOR THE BEST! Others might elect to take up a vocation such as architectural drafting, jobs requiring secretarial skills or cosmetology. The J. B. Johnson Career Center offers an entire spectrum of these vocational programs teaching the details and important do's and don'ts establishing a sound career foundation. Often a part-time job in retail work, selling anything from clothing to stereos, offers future possibilities for managerial or supervisory full time careers. No matter that field develops for you in the future **"GOOD LUCK TO THE CLASS OF '87."**

TRAVELING

FOREIGN EXCHANGE STUDEN

Thomas Larsen

Thomas Larsen's home is Wilborg, Denmark, which is about four hours from the German border. Wilborg is an urban area of about 40,000 people.

In Denmark, Thomas attends a school called Folkeskolen. "In Denmark, instead of having a weekly test or quiz, we have a test maybe once a month," Thomas stated. When asked what he likes about America, Thomas jokingly replied, "My lunch break!" In Denmark their lunch period lasts only 20 minutes.

His interests include music, ice hockey, soccer and skiing. He stated, "I like downhill skiing most!" Aside from skiing, Thomas enjoys playing soccer. He has played for six years and is presently playing for AHS varsity team.

Thomas intends to train as a fighter pilot in the Air Force upon his return to Denmark. He revealed, "I came here to learn more about the American culture than what I've heard and to see what some of America's major cities are like."

Thomas is currently staying with the Ed Rice family of Godfrey. Fleming Rosenbeck, also from Denmark, stayed with the Rice family last year.

Soren Refsgaard

Another exchange student from Denmark, pictured above with his host family Mr. and Mrs. Jerry Strasser, Soren Refsgaard, finds America and Denmark similar and dissimilar.

One of the many differences between the two countries is that in Denmark, the drinking age is 18, and drinking and driving penalties are greater than in the U.S. If a person is caught drinking and driving in Denmark, he would lose his license for two years, could go to jail, and also would receive a large fine. As for the socializing among teenagers in Denmark, they usually go to discos or a friend's house. If they are drinking they either stay the night where they are or find a ride with someone else sober.

TS EXPERIENCE LIFE AT AHS

TEENAGERS ARE TEENAGERS. ... No matter what nationality they all enjoy talking on the phone

Gunter Perl

"Soul Music, Chocolate chip cookies and Union Station." These are a few parts of U.S. culture that have impressed AHS Exchange Student Gunter Perl from Munich, Germany.

Gunter remarked, "People are more open in America than in Germany." He has found it easy to make friends, and he especially enjoys the less formal relationships between student and teacher in the U.S. In addition, Gunter enjoys changing rooms and buildings between classes, for in his school in Germany, students stay in one room all day. He is taking five courses this year; his favorite is Architectural Drafting at the J. B. Johnson Center.

In Gunter's school in Germany, the day ended at 1 p.m., which gave him time to enjoy windsurfing and racquetball. He played basketball in Germany also.

While in America, Gunter has visited St. Louis and Union Station. He also took a date to the Homecoming Dance. On the whole, Gunter feels his stay in America has been enjoyable so far.

Gunter is staying with the Andrew Bachelor family during his visit.

Another difference between the countries, Soren has found, is the family situation. In the U.S., the family is more caring and interested in where the members are and what they are doing. Soren remembers going out in Denmark and not coming home for two days. He has also noticed that many families in the U.S. give gifts for no real apparent reason. In Denmark they do not.

Soren is very talented in gymnastics and is involved in Mid-America Jets on Belle Street. After graduating from AHS, he is planning on getting a job in Denmark with his reference of living and graduating from high school in America. The Danish people think highly of their students who graduate from American schools ... They feel that they are better educated and more mature.

Soren feels that it isn't the people, it's the cultures that make Denmark and the U.S. different.

WELCOME TO AMERICA!

Fabian Fjaelling

What AHS student enjoys windsurfing, listens to the Eurythmics and hails from Goteborg, Sweden? The answer is Fabian Fjaelling, the exchange student studying with Mr. Ron Kelly, a teacher at West Middle School. Fabian enjoys these hobbies and many more.

Fabian, 17 years old, lives on the southwest coast of Sweden. He attends the gymnasium, or upper school, in Kungälv, about five miles from his home. He attends school from 8 a.m. to 3 p.m. and studies 11 subjects. In his school, classes last anywhere from 20 minutes to two hours. Fabian admits that the clothes worn at AHS are similar to those worn at school in Sweden. After school, Fabian and his friends either study or just socialize together.

In his spare time, Fabian enjoys sports. He likes volleyball and is a member of the AHS football team. He also enjoys listening to Billy Joel and Imperiet, a Swedish music group. Fabian is also learning how to play the piano in his free time.

Overall, Fabian is enjoying his year at AHS immensely and keeping busy with football, schoolwork, school functions and making new friends.

Maria Pena

Where is the teacher? She's late!"

These might be the words of Maria Pena, 17, of Bogota, Colombia. At Maria's school in Colombia, the students don't change classes, the teachers do. Maria, a senior, would put on her school uniform (which all public and private schools have) and sit in the same class all day.

Although this may seem boring to the rest of us, Maria has other things to look forward to at the end of the day. Clubs, parties and dances are what Maria misses.

AMAYA TELLECHEA-ERORECA

Amaya Tellechea-Eroreca is from Salamanca, Spain, a town of around 200,000. Her American family is the Miguel Raya family of Alton. She often refers to Racheal and Tony Raya as her sister and brother. In Spain, she lives with her parents and two brothers in a big flat on the new side of Salamanca.

Amaya's school is very different from AHS in that Amaya stays in the same room with the same students while the teachers move to each classroom. Everyone in school has his own partner whom he works with. Her school has no sports teams so when she came to her first football game, she said, "It was very different because football in my country is soccer."

Amaya hasn't graduated from high school in her country yet. After she graduates here she will go back to Spain and attend college. She wants to attend Salamanca University and study classical languages.

Amaya likes to listen to music, and her favorite group is **Depeche Mode**. Her favorite book is **Lord of the Rings**, and she enjoys going to the movie theater. She went sight-seeing in St. Louis and especially liked the Arch.

Amaya's parents are very supportive of her coming to America. She was in the hospital while applying for the AFS program and her father filled out the papers while she answered the questions. Soon after she was accepted. Amaya misses her family very much and says her greatest problem is learning English, but she's trying very hard to overcome that.

Santa visits the area exchange students at the Kenny Lenhardt home over the Christmas Holidays↓

When Maria came to America it was not what she expected. She adds, "Money and a car are a need to have fun; in Colombia there is always a party or a dance."

Maria is prepared for the winter weather, although she has never seen snow. It is always cold in the Colombian suburb where she lives.

Maria leaves a big family back home including two brothers and one sister . . . She is staying with the Kenny Lenhardt family, a graduate of Alton High. When Maria returns to Colombia in June, she is planning to attend college.

New Head Football Coach directs Redbird Grinders

The 1986 Redbird varsity football team is under the direction of a new head coach: Mr. Collis James. Coach James has been teaching in the Alton School System for 14 years, 12 of which he was assistant football coach for AHS.

The Redbirds were forced to forfeit their first four games, but got a real taste of winning at the Homecoming Game, October 10, when the Birds defeated Cahokia 21-13.

Front Row: Mitchell Musgrow, Dennis Brown, Rodney Caffey, John Ewing, Tony Cox, Leon Beard, Tim Reams, Vincent Greer, Gary Brice, Jerome Moore, Wilbur Kaiser Second Row: Sherman Skinner, Fabian Fjalling, Tim Bauer, Mario Voyles, Scott Hall, Tony Herd, Tony Cross, Denny Holloway, David Hamlin, Eddie Kenshallo, Larry LeFore. Third Row: Ernest

THE HOMECOMING GAME

The first victory of the season

The Varsity football team provided spectators with some good times at the Homecoming Game. Running backs Tony Herd and Tony Cross exploded for the big plays as the Birds delighted a Homecoming crowd with victory, giving the first year head coach Collis James his initial win. "I'm probably more happy about the victory than the kids are," James said.

Cheerleader spends the summer in stitches

Alton High School cheerleader Sue Kercher had a very busy summer. She made new uniforms for the 20 varsity and junior varsity cheerleaders and the Redbird mascot. If purchased from a uniform company, the new outfits would have cost about \$100 each, according to the cheerleading coach Connie Allen. Sue said she was able to make each one for about \$7 — the cost of the material — by donating her time and talents. The uniforms were first modeled at the Homecoming game.

A NEW FACE DIRECTING THE MARCHING 100

A new face is seen on the marching field as Mr. David Drilling, the former director of the Marching Showcase in Centralia, takes command of the "100."

The Marching 100 is an excellent organization which requires a great deal of work. The students sacrifice their time and effort to achieve their potential. As a result, they endure and enjoy a two week summer camp, a button sales campaign, and long Thursday night rehearsals. This year the band participated in several band competitions and hosted the second annual "Echoes Off The River." In addition, marching 100 students broke in a new band director. WELCOME TO ALTON MR. DRILLINGER!

AHS HOSTS COMPETITION: ECHOES OFF THE RIVER

Alton High School Marching 100 and the A.B.O.B. co-sponsored their second annual Echoes Off The River High School Marching Band Competition at Alton's Public School Stadium.

Marching 100 played in exhibition. Competition was held by classes based on the number of wind and percussion musicians. Awards were presented in each class for top drum major, color guard, music, marching and maneuvering, soloist, drum line, brass, woodwinds and the top three musical scores.

A NIGHT OF GOLDEN DREAMS

VARSITY SOCCER

New Head Coach leads Redbird Kickers

Mr. Joe Gentelin, a veteran soccer coach, became the new head coach for the 1986-87 Redbird varsity soccer team. Mr. Gentelin followed Coach Montgomery in the number one coaching position. Mr. Don Schmidt is the assistant coach.

The varsity soccer team ended the regular season with a record of 6-9 but four of the losses were forfeits. The team had 11 returning lettermen: seniors Scott Gibbons, Kris Grabner, Steve Kenney, Brad King, David Middleton, Chris Milford, Ike Ruedin, Ryan Tucker and Rusty Voumard and juniors Jimmie Johnson and Mike Stutz. The Players added this year

were seniors Tom Noll, Brad Gentelin, Tony Carmean, and Thomas Larsen (an exchange student from Denmark) juniors Ray Morales and Eric Zyung and Sophomores Mike Retzer and Jimmy Rigdon.

Mr. Gentelin speaking of the 1986 soccer team, stated that he had a really fine team to work with and had high expectations for the team.

The regionals started October 25th when Madison was defeated by Alton 9-0. The Redbirds then played Civic Memorial, defeating them in overtime 2-1. On October 30th the team played in the regionals. All in all the Soccer team had a super season.

JUNIORS TOUGH, BUT SENIORS TOUGHER!

On November 8th Junior and Senior girls gathered at West Public Stadium to battle it out. Spirits were high, and the competition was fierce.

The game started at 1:00 and from there on out it was a hard hitting, head-to-head battle in a ton of mud! The two teams fought long and hard until finally, late in the fourth quarter, the Seniors' Kim Perry scored a touchdown to give the Seniors a 6-0 lead. The Juniors made a valiant effort to recover, but it was too late. The Juniors slid by with the victory.

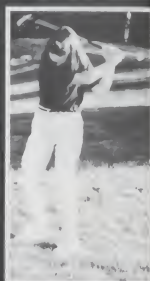

Both teams put in hours of physical torture!

The Junior team, led by their five sadistic coaches, consisted of over fifty girls! The Senior girls were also led by five wild and crazy coaches but had a roster of only 13 girls. Each team also had a truly beautiful and talented squad of cheerleaders to root them on!

BASKETBALL

BASKETBALL'S "BATTLE OF ALTON"

Alton met Marquette in basketball's battle ground, Alton Public School Stadium, Saturday December 20th, to battle for the "Territorial Rights" Marquette gave the birds all they could handle in the first quarter of the game, playing a tight defense and shooting well. Alton held a 9-6 lead after the first quarter. The birds put it all together and missed only three field shots in the second half. Tony Herd played a steady game scoring 18 points. Deleon Lavender finished with 13, and Todd Thomas racked up 10. "We got a lot of confidence as the game went on" coach McAfoos said. "We got a couple of steals early and scored on them." Final score 67-36.

SWIM TEAM MAKES WAVES

Didn't know Alton High had a swim team? Most people don't. Didn't know Alton High had a pool? Well, to team members Pete Travis and Jim Tchoukalet it doesn't seem to matter. Alton's Swim Team, with the help of Connie Allen, who volunteers her time to fill the capacity of Coach, competes with dedicated parents the Alton High Swim Team is a team.

The long hours of practice paid off this year with Pete Travis placing first and second in the 50 and 100 yard freestyle competition. Pete ranked among the top eight in the 100 and 200 yard freestyle.

Jim Tchoukalet is one of the top eight in the 100 and 200 yard freestyle. Jim is also one of the top eight in the 100 and 200 yard breast stroke. Both team members also compete in the 200 and 400 yard medley. The team meets regularly for practice sessions at the Clayton Shaw Park Swim Team in Clayton, Mo. The average practice session is 1.5 hours long.

"TAKE A SEAT" PLAN RECEIV

The Plan to renovate the Alton High School Auditorium began over a year ago. Former Superintendent of Schools Mary Blanche Jungers, and the renovation committee: Mrs. Shirley Mondy (Chair-person) Mr. Edmond Young, Mr. Thom Croxton, Mr. Cliff Davenport, Mrs. Joan Sheppard, Mr. Ronald Enloe, Mrs. Evie Tejada, Penny Nelson, Mrs. Gail Burjes, Mrs. Elvira Werkhaven, Dr. Richard Yoder, Mr. R. J. Tolliver, Mrs. Lin Miller, Mr. Tom Thompson, Mr. Eugene Frizzo, Mrs. Joyce Robinson, Mr. Ernie Irvin, Dr. Mary Blanche Jungers and Mr. Michael J. Beaber, approached the Board of Education with a plan. The board

agreed to match \$30,000 of the projected \$60,000 cost. A fund raising campaign was launched. Contributions came in from over 500 citizens and businesses. In addition, help came from school and community organizations such as Aid Association For Lutherans, Future Business Leaders Of America, Thespians, The Redbird Word, Junior Service League of Greater Alton, Pepsi Cola Bottling Company, Alton Band and Orchestra Builders, Alton Childrens' Theater and the January-June class of 1945. The \$30,000 goal was not only obtained but topped with a collection total of over \$45,000. The original seats, installed in 1929 were removed

and completely refurbished by a factory specializing in theater renovation. (The same company renovated the Fox Theater in St. Louis). This method was not as costly as the purchase of new seats, and after considering the quality of the old seats, a sample was completed by the Carroll Seating Company and sent to the committee for approval. The floor was recovered and the seats were installed in September. Additional funds collected were used to restore the sagging curtain and to carpet the aisle areas of the floor. The balcony seats, which were not included in the original contract, were also redone.

ES A STANDING OVATION

To celebrate the renovation of the auditorium the Speech and Theater Department, with the help of the Music Departments, presented a variety show on January 23, and 24 at 8 p.m.

The first performance on the 23rd was by invitation only for those who contributed to the renovation efforts. Alton High students performed scenes from several plays, including *The Importance of Being Ernest*, the very first play performed in the Alton High Auditorium. Also featured in the two performances were the Alton High Singers, the Show Choir, Jazz Band, Dance Chorus, band and orchestra ensembles, and the Allen Singers, representing community groups. The main attraction was a performance by AHS graduates who had played lead roles in past musicals. Alumni performers were: Diane Hand, Toni McCauley Bowman, Debbie Berry Maneke, Mark Bacus, Bob Nagy, Linda Walkington Ferguson, Karne Fischer, Tim Weeks, Kevin Franks and Susie Paris Delano.

FOCUS ON THEATER...

Alton High offers a variety of courses in Speech and Theater

Communicating, Discussion and Debate, Public Speaking, Stagecraft and Theater-A and B, just to name a few, are offered to a wide spectrum of students with a vast scope of interests. Pictured on these two pages are examples of students learning Stage Make-up during a Theater-A class.

STAGE MAKE-UP

Stage Make-Up is just a part of Theater-A. Costume and set design, Broadway Stage History, Character Analysis, and the Principles of Acting are all included in this fascinating course. In the acting unit, theater games, improvisation and other methods are used to convey the concepts. If you're looking for a course to open a new horizon in your life, THEATER-A JUST MIGHT BE THE ANSWER!

JAZZ BAND

The Jazz Band is a musical group made up primarily of students who participate in the AHS Instrumental Music Program. This group meets after school and membership is determined through auditions.

In the fall they performed on a program featuring trombonist Bill Watrous with the LCCC Jazz Lab Band and were featured at the ABOB "Spaghetti Supper" in January. Also in January the Jazz Band played a major role in the Auditorium dedication! They competed at SIU-Carbondale and Eastern Illinois University under the direction of Gary Banks, assisted by Tim Jarden.

NATIONAL HONOR SOCIETY

The National Honor Society is a group of students whose membership is based upon scholarship, service, character and leadership. Also, one must maintain a 3.75 grade point average and be recommended by a panel of faculty members. Because of the high standards, only 15 new members were inducted last spring. In an effort to increase club membership, the requirements are being lowered. On Friday, April 4, High School Students and Athletes from all sports, Teachers, Coaches and Administrators gathered together for an evening of fierce volleyball competition. The annual fund-raiser for the district's Special Olympians began with the first match featuring the High School Athletes challenging the Coaches in a fast-moving game of lightning serves and deadly spikes. In the second match Teachers from all buildings competed against the Administrators from throughout the district. (The paramedics were standing by) Student Cheerleaders wound up the fans supporting the High School Athletes, and tension grew as the enthusiastic Faculty Cheerleaders composed of Secretaries, Clerks, and Aides resounded deafening cheers for the Coaches and Teachers. The Middle School Jazz Band performed and the National Honor Society Members worked the concession stand. Many Teachers who elected not to actually participate in this elite sporting event volunteered their time to help anywhere they were needed. Area businesses donated the food and beverages for the concession. All in All it was a great evening of entertainment and a successful fund raising event!

The purpose of Peer Leadership is to train young adults to become positive influences on their peers, to help young adults take a stand against the use of alcohol and drugs, and to give students the opportunity to develop skills needed to be good helpers.

The Peer Leadership group at Alton High School joined the stand against the use of drugs and alcohol with a balloon lift. Each balloon carried a numerical percentage of the students in each class who gave up alcohol and drugs for a week. Members of Peer Leadership and Dr. Callahan, sponsor of the group, encouraged those students who use alcohol or drugs to make a commitment to stay alcohol or drug free for a week.

ALTON FBLA IS SECOND IN

National Leadership Conference Washington, D.C. June 26-29

The FBLA Chapter of Alton High School received four awards at the National FBLA Leadership Conference in Washington, DC on June 26-29, 1986. The awards are as follows:

Second Place — National Advisory Council Leadership Award

The Alton FBLA Chapter received second place in the National Advisory Council Leadership Award after having been chosen as one of the top ten chapters. In order to receive second place, Erica Holliday, Janie Lorton, and Ramona Rhine presented a ten-minute oral slide presentation on the National Ad

visory Council Leadership Award — Job Seekers. Job Seekers is an employment agency for juniors and seniors of Alton High School sponsored by the FBLA Chapter.

Job Seekers is a cooperative project with the Alton FBLA Advisory Council with the original idea of an employment agency for juniors and seniors of Alton High School suggested by Gil Moody, President of the Alton FBLA Advisory Council. Ms. Barbara Bitter, Prudential, and Ms. Jan Wickenhauser, Germania, presented the Job Seeking Skills Workshop. Other members of the Alton FBLA Advisory Council who

assisted with the project are Michael Amoine, Mississippi Lime Co.; Patricia Meyer, Alton Telegraph; Carol Osburn, Clark Oil Company; and Edward D. Voumard, Jr., Alton City Clerk.

The National Advisory Council Leadership Award is designed to recognize FBLA Chapters that develop and implement the most innovative, creative and effective plan for increasing dialogue and interaction with business leaders in order to determine their roles, responsibilities, and leadership characteristics as executives or entrepreneurs of successful businesses.

Golden Pages for the Golden Ages

Senior citizens will find their spring shopping much easier this year, thanks to Alton High School's chapter of Future Business Leaders of America. The "Golden Pages for the Golden Ages," a book featuring businesses which offer special discounts to seniors was originally the idea of Donna Petro, support services program manager for Madison County Senior Citizen Services. Petro's idea was expanded by the FBLA advisory council and was developed by the students members of the FBLA. "This will be a great service to people on a fixed income" says Mrs. Petro. "For many senior citizens faced with increasing medical costs, this guide will save them time and money by being a fingertip reference for discounts available to them."

Students also encourage businesses they contact which don't have senior citizen discounts to consider giving them. Their business will appear free in the shoppers' guide and will not only be good advertisement for their products and services but will, hopefully, prove an incentive for them to offer special discounts.

Aviation Mechanics Instructor Richard Farrow shares years of valuable experience assisting students in a very technical field.

A perfect cut is essential for a great hair style and a good grade. Cosmetology students concentrate on perfection.

Experience is required when students start Getting technical

Did you ever cut your own hair and make an uncorrectable mistake? How about taking apart a bicycle to fix a broken sprocket and forgetting how to put it back together? For most, the list goes on and on. Technical and Vocational programs teach students the details and important do's and don'ts which offer them career foundations.

Cosmetology classes offer practical laboratory experiences in patron services, salon management and state board preparation.

Vocational Printing students learn to set up, adjust and operate all types of printing presses and equipment. Students practice printing safety, photography, platemaking, offset press work, stock cutting and bindery.

Auto Body Mechanics is another career opportunity skill. The vocational program offered trains students in a highly skilled and specialized craft. The auto body worker repairs damage to the automobile body caused by accidents and rust or corrosion. Included are training in sheet metal structures and aesthetics, with a broad general knowledge of welding, hand tools and hand-held power tools.

A unique course in Aviation Mechanics is offered at J. B. Students learn to maintain aircraft in general aviation (private), and airline or military mechanics. Aircraft mechanics are licensed by the Federal Aviation Agency and all aircraft in the

United States must be certified safe for flight by an aircraft engine and air frame mechanic before they may fly. Aviation is an area of the transportation field that is really growing today.

VOCATIONAL INDUSTRIAL CLUBS OF AMERICA (VICA) is a growing organization at the J. B. Johnson Career Center. VICA is a national organization of students engaged in trade, industrial, technical and health occupations in high schools, vocational-technical schools, area vocational centers, junior and community colleges.

Nationally, 270,000 students are members of VICA in 12,000 chapters. The Alton chapter has 56 members from the vocational areas of Cosmetology, Aviation, Mechanics, Foods, Nursing, Office Education, Vocational Accounting and Electronics.

VICA advisors include E. Dean Brown, Principal Robert Middleton, counselor Margaret Stroube and teacher Georgia Unthank. VICA provides local chapters with a speakers bureau, consultant services, alumni programs, collegiate services, fund-raising projects and other activities.

Technology know-how is something students at the career center work long and hard for. The talents and skills they learn here they will use in future careers and everyday life.

Architectural drafting's dream house not just a dream!

Architectural Drafting students learn to draw details of a residential structure using drawing techniques, line value, and architectural symbols. They explore creative techniques for floor plan design, plumbing and electrical plans, and several other designs for the basement foundation-footing, truss roof, and floor joist lay-out, and produce a complete set of elevation plans. Advanced students design the house that is built by the building trades classes.

Building trades makes the dream come true

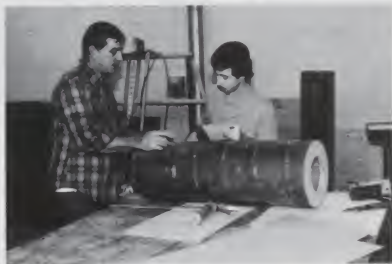

One of the greatest needs in the country today is housing for a growing population. The building of homes for people requires highly skilled building trades workers. Carpenters are a very large percentage of these workers, and the need for them is great. In building trades classes students learn to read blueprints and to cut and fit materials together according to the architect's design. Each student gains experience in concrete work, framing, plumbing, electrical, roofing, and all the other skills involved in completing a finished home.

A Career in Distributive Education?

That's what these students see in their future

Distributive occupations distribute goods and services from industry to consumers. Students who participate in Distributive Education develop a wide variety of skills in salesmanship, merchandise management, accounting, advertising display, wholesaling and cash register operation. Serious students who "do their homework" and develop these areas of expertise find employment in the job market due to the large population density in our metropolitan area.

Vocational welding . . . when you're *HOT*, you're *HOT*!

The student welder uses heat for melting metals to cut, fit and fabricate useful and needed articles. The welder reads blueprints, must be able to visualize well and must be interested in mechanics and design. During JB classes students explore basic oxy-acetylene and electric arc welding, as well as soldering, brazing and inert gas arc welding. The highlight of the Vocational Welding program is certification welding.

The aircraft engine and air frame mechanic is a highly skilled and competent worker. They are skilled in the repair and maintenance of aircraft and propulsion units of all types, such as reciprocal, turbo-prop, and jet engines. Aircraft mechanics are licensed by the Federal Aviation Agency and all aircraft in the United States must be certified safe for flight by an aircraft engine and air frame mechanic before they may fly.

VOCATIONAL PRINTERS A SPECIAL "TYPE"

The successful Vocational Printing student is a highly competent mechanic and artist all rolled into one exacting perfectionist. The student learns to incorporate several technical skills to create a superior graphic product. The field of printing incorporates various areas such as photography, platemaking, offset presswork, hot type, hand and machine composition, layout, bindery and thermography. Professional printers' work is interesting and pleasant, and employment opportunity is good. The pay is excellent! Students in the Vocational classes at JB prepare for an apprenticeship of 4 to 7 years to be completed after graduation.

REPAIRING AND SERVICING AUTOMOBILES

There has been a tendency over the last few years for mechanics to specialize in one or more of the automobile systems. Some of these areas of specialization are: electrical,

tune-up, transmissions, chassis and front alignment, wheel balancing, and air conditioning. The auto mechanics program presented at JB is broad in coverage to allow students

to practice skills in various areas and develop individual preferences for later specialization.

Child Care specialists prepare for a vital field

Child Care is a course designed to prepared child care specialists. The course involves students in the study of the total development of the child, exploring areas of social, emotional, physical and intellectual development. As larger numbers of mothers accept employment outside the home, a need for workers properly prepared to work constructively with children in group situations increases.

THE PERSONAL TOUCH! COSMETOLOGY

Cosmetology is one of the personal service occupations. Most states have very strict laws controlling licensing and training. In recent years there has been a growing trend that has taken men as well as women into the professional hairdressers ranks. Upon completion of the study of a 1500-hour course, students are eligible to take the state board exam required in the state of Illinois.

GIVING THEIR ALL

The Alton High Student Senate held its annual Red Cross blood drive.

On October 16 in the Annex Gym, students, teachers and members of the community donated 142 pints of blood, surpassing the previously set goal of 125 pints. The donation center was organized to resemble the bases on a baseball field. Donors started on "First Base" having their temperature taken. On "Second Base" a blood test was completed, and participants were flagged on to "Third." When the donation was complete a *HOME RUN* was scored and donors were treated to cookies and juice. The Student Senate would like to thank all those who participated.

KING AND QUEEN TURKEY
Jack Leonard and Penny Allensworth were crowned "A Turkey of a Couple" at the benefit Dance!

This year's BIONIC week activities included several dress-up days, the annual pie eating contest, BIONIC Grams, and a punch-guzzling contest, an egg toss, and a benefit dance for Alan Droste. Alan is a 19 year old valedictorian of his 1985 graduating class who learned he had cancer while attending his freshman year at the University of Illinois. The benefit dance netted \$1,535 at the door and \$325 in private donations to help to fund Alan's bone marrow transplant surgery. The students of Alton High really demonstrated ...

THE ST. LOUIS SYMPHONY

Master Musicians from the St. Louis Symphony Share their musical expertise with students

"NERVOUS? YOU BETTER BELIEVE I'M NERVOUS!" said Jennifer Sherwood before the rehearsal began.

"THIS IS QUITE AN EXPERIENCE!" Jon Lair told the Tatler reporter as students and instruments were moved, assembled and tuned.

WHAT WAS ALL THE EXCITEMENT ABOUT?

Masters from one of the country's best symphony orchestras sat side by side with AHS music students and shared their knowledge and artistry with their high school age counterparts while performing a concert, delighting students and guests of the Alton Music Department.

The rehearsal and concert took place in the Jesse L. Cannon Memorial Cultural Center ... better known to some as the Lovejoy Gymnasium. Tsung Yeh, the Exxon/Arts conductor of the St. Louis

Youth Symphony commanded an outstanding performance.

For many guests it was the first opportunity to hear the St. Louis Symphony Orchestra. Lovejoy school students applauded during breaks between movements of the first selection, allowing their inexperience as symphony going regulars to creep out for all to see. Many students tapped their feet, keeping time to the familiar themes they recognized and thoroughly enjoyed the performance.

This fantastic happening was coordinated by AHS Orchestra Director Allen Walters, and the Alton Band and Orchestra Builders. Approximately 60 symphony musicians made the trip across the river to delight both students and guests with their performance. After rehearsal with the professionals playing side by side with high school students, the musicians took a 30 minute break and chatted freely

with their proteges. As the "by invitation only" guests filtered into the cultural center, the teams of performers picked up their instruments and performed a 45 minute concert.

The professionals offered the young musicians advice on everything from how to get the best sound to how to grease an instrument.

Instructor Allen Walters hopes to make the St. Louis Symphony visit a biannual affair. "Plans are in the works to bring the symphony to Alton every two years so each Alton High Orchestra student will have the same opportunity these students have experienced," Walters said.

For most Alton Music students, it was "quite a happening" ... for some it was an experience that will happen only once in a life time.

PERSON TO PERSON

FEBRUARY: BLACK HISTORY

28 days filled with a wide focus of exceptional activities

Black History Month is a special event which focuses on the rich and inspiring heritage of black people. It is held throughout the month of February, helping everyone broaden their scope of Black Americans and their accomplishments to the building of this nation. Only those who have made a notable contribution to society are acknowledged. This event is district-wide, in which everyone works collectively to help make Black History Month a success. Student Council is the "spearhead" of this event, along with the help of Pat McGee King, Vernetta Caffey, Robert Jefferson, Rebecca Sims, and Erskine Ryan. This year there were daily quizzes, a display at Alton Square, various community leadership seminars in Alton High's library, daily tributes to outstanding Black Americans in various fields, a special performance by the SIUE dance troop, and a final student assembly. Well said by Vernetta Caffey, "Students, not just black students, were able to expand their perceptions and expectations of the real lives and work of Black Americans."

On February 3, 1987, the "Catherine Dunham Dance Company" from SIUE, performed for the students in the auditorium. They provided lively singing, dancing, and music. This was only the beginning of many performances held throughout Black History Month.

Heather Johnson, Tony Cross and Tia Bell, talking with the Cardinal Football Cheerleader, Leslie Fry.

Don Johnson from Channel 2 News came to visit on February 2nd. He spent time answering questions and discussing career opportunities in broadcasting during the lunch hours.

Leslie Fry (Big Red Cheerleader), Dominique Cannon and Tia Bell were all a part of the assembly on February 20. Dominique read a very touching poem about Black Freedom and individuality and Tia played the violin.

TATLER STAFF

↑ Shannon Mackelden types the copy for the underclass section.

↓ Stumbling through the door, Karen Conner yawns a healthy jaw stretcher, as she attends her 7:30 Tatler Class. "THIS IS REAL DEDICATION"

↑ Editor In Chief Bruce Cromwell discusses the yearbook's theme with the staff members.

Staff members brainstormed various divider page concepts for this year's book and finally decided to use open lockers displayed with "TYPICAL STUDENT STUFF" tumbling out of the open locker door. Staff members Kim Frank, Bruce Cromwell and Shannon Mackelden clean up an old set of steel lockers salvaged from a storage shed at J. B. by the Tatler Sponsor, Mrs. Franz, and maintenance men George Depper, Gerald Randol and Don McDowell. The finished lockers ... scrubbed, stripped, painted and embellished with "TYPICAL STUDENTS STUFF" for the Senior divider of the yearbook, are shown (right). The lockers were restocked with "NEW TYPICAL STUDENT STUFF" for each section the divider pages introduced.

↑ Bruce Cromwell explains the order the pages will fall within the book.

↑ The Staff purchased a new IBM computer and printer to be used in the yearbook production process. It has been a fantastic addition.

↑ No, Darryl, you're supposed to stamp senior pictures, not stamp seniors for pictures!

↑ Karen Conner and Amy Cook plan a lay-out for the Powder Puff Game.

↑ Wanna buy a Tatler?

↑ Some students might have been a NO-SHOW for a photography assignment ... but not our diligent journalists. Shannon Mackelden slashed her index finger, made a side trip to the hospital for stitches and still made her evening photographic assignment on time. **THAT'S DEDICATION!**

↑ Brent Stiritz draws the lay-outs for the underclass section.

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million (FAO 1996). The number of people who are malnourished has increased from 1.2 billion to 1.5 billion (FAO 1996).

There is a growing awareness of the need to improve the nutritional status of the world's population. The World Health Organization (WHO) has set a goal of reducing the number of undernourished people in the world by 50% by the year 2015 (WHO 1992). The United Nations Development Programme (UNDP) has set a goal of reducing the number of people who are malnourished by 50% by the year 2015 (UNDP 1992).

There are a number of factors that contribute to malnutrition. These include poverty, lack of access to food, lack of access to health care, and lack of access to education. Poverty is the most common cause of malnutrition. People who are poor are often unable to afford the food and health care that they need to stay healthy.

Lack of access to food is another common cause of malnutrition. In many parts of the world, there is a shortage of food. This is often due to a combination of factors, including drought, war, and poor agricultural practices. Lack of access to health care is also a common cause of malnutrition. People who do not have access to health care are often unable to get the treatment that they need to stay healthy.

Lack of access to education is another common cause of malnutrition. People who do not have access to education are often unable to learn about the importance of good nutrition and health care. They are also often unable to learn about the best ways to grow food and to use food resources. This lack of knowledge can lead to poor nutritional choices and to malnutrition.

There are a number of ways to improve the nutritional status of the world's population. These include increasing access to food, increasing access to health care, and increasing access to education. One way to increase access to food is to improve agricultural practices. This can be done by providing farmers with the tools and knowledge that they need to grow food more efficiently.

Another way to increase access to food is to improve food distribution. This can be done by building roads and bridges that connect farmers to markets. It can also be done by improving the efficiency of the food supply chain. Another way to increase access to health care is to build more health clinics and to train more health workers.

Another way to increase access to health care is to improve the quality of health care. This can be done by providing health workers with the training and resources that they need to provide high-quality care. Another way to increase access to education is to build more schools and to train more teachers. It can also be done by improving the quality of education.

Another way to increase access to education is to improve the quality of education. This can be done by providing students with the resources that they need to learn. It can also be done by improving the quality of the curriculum. Another way to improve the nutritional status of the world's population is to increase access to information. This can be done by providing people with the information that they need to make good nutritional choices.
